There are multiple ways to get files on your iPad:

- Use the Synchronization feature of your Mac / Windows release of MusicReader.
A description of this can be found here:
<http://kb.musicreader.net/article.php?id=48>
- Use the file sharing feature of iTunes to transfer files.
More information about this can be found on:
support.apple.com/kb/ht4094
- Download files using the integrated browser.
More information about this feature can be found on:

- Send the PDF to your e-mail and open the e-mail on your iPad.
Then open the PDF attachment and select MusicReader to open the file.
- Use Dropbox syncing in Piece -> Sync .
There you can choose an dropbox folder to sync your files with.
